

Remarks

The term "isopropyl" has been changed to --diisopropyl-- at page 15, line 15; page 16, lines 9 and 24; page 17, lines 12 and 26; page 18, lines 13 and 27; page 19, line 14 and page 22, line 2, rendering these disclosures consistent with the use of "diisopropyl" at page 20, line 2.

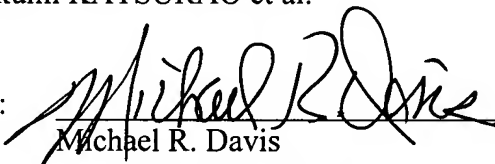

The notation --Mn : number-average molecular weight-- has been inserted below Table 2, to express the generally recognized definition for Mn which is used in line 4 of Table 2.

Claims 8-11 have been amended to depend only from claim 1, in order to reduce the filing fee.

Respectfully submitted,

Takumi KATSURAO et al.
